

## Leading In Scouting Choosing a Role

If you need help with your appointment please contact your Group Scout Leader, Appointments Secretary, or District Commissioner.

Please choose the profile that best describes you

I lead a Section in the Scout Group

Section Leader, responsible for leading the Section overall and normally leads the meetings

I want to help lead a Section in the Scout Group and commit to completing my Wood Badge with five days of training and 41 mandatory validation activities over the next three years

Assistant Section Leader, helps run the Section and on occasion may lead the meeting

I want to help lead a Section in the Scout Group and may want to do some training and validation as and when I choose but don't want to commit to that at the moment.

Section Assistant, helps run the Section and on occasion may lead the meeting

Berkshire

## Leading In Scouting Choosing your Training

If you need help with your training please contact your Group Scout Leader or District Commissioner, your Training Adviser or the County Training Manager on [CTM@berkshirescouts.org.uk](mailto:CTM@berkshirescouts.org.uk)

Please choose the profile that best describes you

I have been an adult leader in Scouting for over 3 years  
OR  
I have been an Explorer / Young Leader and my job is in management

Please ask your Training Adviser to validate the modules your previous experience covers, and to plan with you any activities you may still need to do. If you need training in a few modules this can be done online, via workbooks, or at one of our evening workshops

I have been helping with a Section in Scouting for less than three years, and doing my Wood Badge training in a couple weekends with other leaders sounds good

We recommend you consider attending Harmonised Learning which provides in two non-residential weekends the learning needed to enable you to validate your Wood Badge modules

I have been helping with a Section in Scouting for less than three years but I can't do weekend training

Please meet with your Training Adviser to plan how you can complete your Wood Badge learning using a combination of online training, workbooks, and evening County Workshops
