

I am a Scout, get me out of here!

Here you have a fun code breaking activity in multi versions, to be used to challenge teams against each other in a zoom meeting or if someone enjoyed it, they can to do it again but with different codes. All answers are different, except for the last question.

[Team A](#)

[Team B](#)

[Team C](#)

[Team D](#)

Upon completion, each team / participant will get a JOTI certificate.

Have fun and use these to tick off the Communicator badge.
