## Pointless Activities

All you will need is pens and paper

- 1) Based on the TV show pointless give your young people 100 seconds to write down as many Activities as possible that they enjoy doing as part of Scouting.
- 2) When the time is up ask each young person in turn to name an activity they think wont be on anyones list.
- 3) The winners are those that pick an activity that either isn't on anyones list or is on the fewest lists.
- 4) This will give you some quick feedback on activitiesas those on the lists will be the favoured activities and those that the young people guess are pointless will be the activities that aren't enjoyed.
- 5) Why not run the game multiple times using some non scout themed questions such as favourite biscuits, car or fruit etc or find out more about your young peoples opinions with questions on favourite type of nights away trip or meeting place etc
