Christmas Creationary

This is similar to Pictionary, but Christmas items are made using Lego or things around the house.

The equipment needed is lego or anything from the young people's houses if run as a Zoom activity

- 1) A young person picks or is assigned a card from the list on the next page
- 2) They then have 4 minutes to build the item on their card
- 3) Whilst they are building this the other members of the Section will attempt to guess what is being built
- 4) This can be done in teams to assign points for those that can guess the correct item or as a whole Section
- 5) To make it more youth shaped use a list of activities from your programme and ask the young people to build and activity they enjoy from the list. This will show which activities are liked in the group. Alternatively you could flip this and ask them to build their least favourite or an activity they don't enjoy as much to show which activities haven't been enjoyed.

Reindeer	Santa	Christmas Tree	Present
Snowman	Candy Cane	Ginger Bread Man	Bauble
Elf	Sleigh	Holly	Christmas Pudding
Angel	Stocking	Bells	Snowflake
Wreath	The North Pole	Three Wise Men	Chimney
Star	Candle	Robin	Mince Pie
