How can we take part?	Booking will be via Units and/or Districts for Explorers. Network Members can book via their District or form a County Unit.
Which adults can take part?	Districts have appointed Unit Leaders who will be bringing their District's Explorers, but there are a wide range of other roles available as part of the Event Delivery Team for Leaders/members from any other Scouting sections (who hold a full active role on Compass).

Is there a limit to the number of leaders each unit can bring?	It will be dependent on the number of young people you are bringing, but we welcome additional leaders. The more the merrier! Units will need to ensure that they have sufficient leaders to manage their unit safely.

Travel Insurance

I'm bringing my unit – Do I need to arrange travel insurance for them?	No - We will be arranging travel insurance for everyone centrally.
My unit is planning to take several days to travel out, stopping in the way - Do I need to arrange our own travel insurance for the journey?	No - Our policy can be for up to 6 weeks without any increase in premium and we will arrange for it to commence about 2 weeks before the Event Delivery Team leaves the UK. However, you will need tell us your plans well in advance so we can ensure you are covered.
Some of our unit have their own travel insurance - Can they have a reduction?	No! We will be arranging travel insurance for everyone irrespective of any other insurance they have. Few travel policies will cover all the activities we do and it is difficult for us to deal with lots of different insurers.
Does your policy cover everything?	No! While it will be comprehensive and include disruption & delay, personal belongings etc. as well as extensive medical cover, there are exclusions and limits. We will publish the policy document in due course so you can check whether it meets all your needs. In particular, the single item limit for personal belongings will be only £250, so if you really have to bring an expensive camera, phone or tablet, you may want to consider taking out extra insurance if your family's house contents insurance doesn't cover it away from home.
I'm coming as part of the Event Delivery Team – Do I need to arrange travel insurance?	No! We will be arranging travel insurance for you.

Does your policy cover us against Covid-19?	Partly. If you catch Covid-19 you will be covered for medical treatment while on the trip. BUT it is not possible to obtain insurance to cover cancellation as a result of Covid.
Will the travel insurance cover cancellation/curtailment due to TSA/UK Govt/Other Govt restrictions?	Unfortunately, our insurance policy will not cover any losses if the event has to be cancelled/curtailed because of Covid related issues. This is clearly covered in the event Terms and Conditions that have been shared with all Unit Leaders and participants. The Terms and Conditions can be found on our webpage Alps22 – Berkshire Scouts

Health and Welfare

How will the young people be kept safe?	The event will be run in accordance with The Scout Assn's Policy, Organisation & Rules (POR). All activities will be carried out by instructors with the relevant permits. Unit Leaders will be responsible for their own young people outside of the organised programme. We will also have a welfare and first aid team onsite. All adults on the event will have current DBS checks and will be up to date with mandatory training required for their scouting roles.
What Covid Vaccinations will I need	We are expecting the French authorities to require all adults to be double jabbed and all young people to have had at least 1 jab to enter the Country. We will monitor the position as part of our preparations, but if you have been unable to be vaccinated or chosen not to, it is unlikely that you will be able to travel.
Will we all need EHIC cards or their successors GHICs (Global Health Insurance cards)?	Yes. These entitle you to State provided healthcare at the same cost as for local residents. Without one, not only will you have to pay £ 20 excess for every claim but even a visit to a doctor for a minor issue will become more complicated. Despite Brexit, any existing EHIC will remain valid until it's expiry date. For further information, including on how to apply, go to the official website https://www.nhs.uk/ghic . The cards are free so do not use another website which will charge you.

General

Can union flags be worn by attendees on uniform?	Yes, as we are participating as British Scouting on an event abroad. These will be supplied to you.
I am concerned the event will clash with exam results day.	We have handled this situation on previous international events and will absolutely ensure that anyone awaiting results will be able to communicate with family/school to get them.
Will phones be allowed and is there power to charge them?	Yes, they will be allowed if you really can't live without them! There is electricity, but solar chargers work well and would be a good option. However, bear in mind that this is an event for you to enjoy the outdoor jamboree life, you won't really need a phone!
What about my carbon footprint?	The event will be run in an environmentally friendly manner and we will be making it carbon neutral. Further details on this in due course.
